Communication

Date	27 October 2026
Team ID	Not provided
Project Name	Global Fuel Prices & Taxation (2020–2026)
Maximum Marks	1 Mark

Communication Plan:

This plan describes how project progress, data issues, dashboard reviews and feedback were managed while developing the Global Fuel Prices & Taxation Tableau analysis.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Task Planning	Daily	Personal notes / task list	Individual	Plan work on data checks, Tableau worksheets, dashboard and story.
2	Progress Review	Weekly	Project notes / Tableau Public	Individual, mentor if available	Review completed charts, dashboard layout and story progression.
3	Data / Chart Issue	As needed	Tableau Desktop and documentation	Individual	Check field types, aggregation, filters, labels and visual accuracy.
4	Dashboard Review	At milestones	Tableau dashboard and screenshots	Individual, reviewer if available	Check regional comparisons, trends, taxation and income-level insights.
5	Final Demo Check	Before submission	Tableau Public links / PDF screenshots	Individual	Verify dashboard and story open correctly and visuals are readable.
6	Feedback & Changes	As received	Project notes / review comments	Individual, reviewer if available	Record feedback and make corrections to charts, captions and documentation.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Comparing countries and regions with different price and tax levels.	Used consistent regional summaries and clear labels; interpreted averages as descriptive comparisons.
2	Keeping several fuel measures and filters understandable in one dashboard.	Separated views by fuel type and used region / income-level filters where relevant.
3	Ensuring the story and dashboard remain accessible for review.	Checked Tableau Public dashboard and story links and retained screenshots for documentation.
